I told you before won't say it again
I've come this far and it's not a sin
don't know what you want from me
I don't care can't you fucking see that
I've heard this story many times before
you won't have me crawling on the floor
you live your life you're full shit
never been no doubt about it
spewing puke and spewing puke and spewing lies
I can see that shit coming out of your eyes
don't know what you want from me
I don't care can't you fucking see that
I've heard this story many times before
you won't have me crawling on the floor
you live your life like you're full of shit
never been any doubt
what a stinking corpse you will make
when all that shit it comes right out
