i feel emotions that burn like fire.
deep down in my soul and my heart beats wild,
an excited child, my thoughts are out of control.
i dream about you with me in bed
crazy thoughts about you all in my head.
our bodies in the night, your eyes touching mine.
one day you'll find...
one of these days
you'll find my love's the one you depend upon.
one of these days
you'll feel this way, too.
it's a contagious form of desire.
sieze you in it's throes.
all the things you'll feel and you'll know there real.
with every minute they'll grow.
then you'll dream about me with you in bed.
crazy thoughts about me all in your head
our bodies entwined, your lips kissing mine.
one day you'll find...
one of these days.
you'll find my loves the one you depend upon.
one of these days.
you'll feel this way too.
well, i'm talking to you.
one of these days.
you'll set your heart to fly so free in the beauty of
one of these days
you'll feel this way too.
and though i know that chance is small,
that we'll be a thing at all.
just cut the hands right off this beggin' woman.
and you still don't see that's what i am.
one of these days
