What my heart feels  
My lips won't confess  
Clouded minds  
Question everything  
So you tell me  
You want to take this step  
Hesitation  
Rising when you are not ready yet

If the beat of the night  
Gives rhythm to my soul  
Then I'll be alright  
But if she go, go, go, go, goes away  
I'll think I'll be left stranded

'Cause the music has the answer  
To all the questions I have inside  
But when she leaves me on the dance floor  
I question all the wrongs  
I knew for my rights

Cause the music has the answer  
To all the questions I have inside  
But when she leaves me on the dance floor  
I question all the wrongs  
I knew for my rights

You've awakened  
Your mind to the light  
You've been shaken  
Caught by the night  
But I catch her  
It's just a broken word  
Time for choices  
All votes are off as  
There's no voices heard

If the beat of the night  
Gives rhythm to my soul  
Then I'll be alright  
But if she go, go, go, go, goes away

I'll think I'll be left stranded

'Cause the music has the answer  
To all the questions I have inside  
But when she leaves me on the dance floor  
I question all the wrongs  
I knew for my rights

'Cause the music has the answer  
To all the questions I have inside  
But when she leaves me on the dance floor  
I question all the wrongs  
I knew for my rights

'Cause the music has the answer  
To all the questions I have inside  
But when she leaves me on the dance floor  
I question all the wrongs  
I knew for my rights
