Since, we have been together
My thoughts are rarely ever
Been moments from your side
But now, the final curtains calling
And ill be gone by morning
It's time to say goodbye

My life's too short to wonder why
I'll carry on all fight
But im leaving now cause that's my right

Cause I am headed on a course
And I cant believe you're mine
Am I so mad to leave this all behind
Had it been a different way, had it been another time
You'd be standin here with me, our hearts entwined

Still, it hurts for me to leave you,
I'll do what all the cheats do, and bluff that I'll be fine
And hold, on to all our memories
At least they can protect me from the sadness now
inside

My life's too short to wonder why
I'll carry on all fight
And im leavin now cause that's my right

Cause I am headed on a course
And I cant believe you're mine
Am I so mad to leave this all behind
Had it been a different way, Had it been another time
You'd be standin here with me our hearts entwined

Protect yourself, live happily, be honest in forgettin' me
I've never wished for you to ever have to feel this way
You know how im leavin' now
The curtain falls, I take my bow
And I only promise you I wish I'd stayed

Cause I am headed on a course
And I can't believe you're mine

Am I so mad to leave this all behind
Had it been a different way, had it been another time
You'd be standin here with me our hearts entwined
