You're always after someone's game
You walk the talk, the music's not the same
And walking out well that's my curse
The clock'll stop as it gets worse
The night's so long
But its all gone.

It's gone, gone, gone, gone
It's time for things to get better
It's time for things to move on
Instead of this you
Won't, won't, won't, won't
Be staying with me forever
'Cause this is, it's my last stand
It's my last stand

You always say I can't relate,
My nervous pulse tells me the same,
At least I try to make this work
Our problem is that your too tough
It's thicker skinned
Than it's ever been

It's gone, gone, gone, gone
It's time for things to get better
It's time for things to move on
Instead of this you
Won't, won't, won't, won't
Be staying with me forever
'Cause this is, it's my last stand
It's my last stand

Now you won't
Now you just won't believe me
Got your head in the sand
Now you won't
Now you just won't believe me
Got your head in the sa-an-nd

It's gone, gone, gone, gone
It's time for things to get better

It's time for things to move on
Instead of this you
Won't, won't, won't, won't
Be staying with me forever
'Cause this is, it's my last stand
It's my last stand

Gone, gone, gone, gone
It's time for things to get better
It's time for things to move on
Instead of this you
Won't, won't, won't, won't
Be staying with me forever
'Cause this is, its my last stand
It's my last stand.
