Feel deranged  
Deep inside  
Transparent  
Cyanide  
Misleading  
Illusions  
Decide on  
A solution  
Simulate  
Perfection  
Disconnect  
Reception  
Transmit  
Insanity  
Overlooked  
Memeories  
The time  
The time has come  
To turn  
To turn around  
To see  
To see the light  
The star  
The star beyond  
All this pollution  
The world  
The world is indeed  
Will start  
Will start to bleed  
Your life  
Your life becomes  
A mess  
A mess it's gone  
All this pollution  
All this pollution  
All this pollution  
All this pollution
