I don't want to go home
I'm falling all apart
I'm feeling like a ghost

Could you please fix my heart?
Why don't we leave this old town?
Give me a reason to stay
A new world waits to be seen

I'm not afraid to live
Tell me now...
Please don't spell me wrong
What do you read in my hand?
What is going on?

Tell me now...
I know what is true
What is seen from my hand?
Nothing's really new

Why don't we leave this old town?
Give me a reason to stay
A new world waits to be seen

I'm not afraid to live...
Tell me now...
All my will and destiny
Won't erase my hand
It won't change my plans

Tell me now...
What could be the best for me?
It's always been the same

I'm running like a train
I don't want to go home
I'm feeling like a ghost
Could you please fix my heart?
I'm falling all apart

Why don't we leave this old town?
Give me a reason to stay

A new world waits to be seen

I'm not afraid to live

Here we go...

No one said it was easy

A ticket in my hand

I'm on my feet again

Here we go
