"Rise"

Visit "[Rise](#)" on MotoLyrics.com

anark

neuro-perfect

lies sleeping in death

nether darkness underground

scared silence

not a sound

demok

meta-control

out goes the signal

radiation from the sky

activation

second life

now see the new light rise

anark returns to earth

out into the world

restoration over all

nether darkness as before

now see the new light rise

now see the new night rise

must overcloud

dark like before...
