He is anark

Can you hear the sound  
Of the phantom bell  
People gather around  
Burn in his half-world hell

Proto-overman  
User of the dead hand  
To the tower  
To the tower

Screams that calm the wind  
Hear the black birds shriek  
Death is your last breath  
We have one enemy

Proto-overman  
User of the dead hand  
To the tower  
To the tower

He is anark

Dark dance, break of dusk  
Cold wind, time to kill  
Eyes closed, see his blood  
Fear not tomorrow will

Proto-overman  
User of the dead hand  
To the tower  
To the tower
