verse 1:

Why do I hurt inside,
but why do I cry?
Why does this little thing
hurt with the biggest sting?
Why does my heart of steel
have to melt by your fire?
Why can't I live my life
with peace in my heart?

chorus:

Maybe your all I need
but maybe theres more than what meets the eye

verse 2:

Why is it that when I hold you,
you really squeeze me tight?
Why is it that when I hold your hand,
you turn into rain?
How can we jump like Kermit,
but ask questions like George?
Surety and uncertainty,
why do I get them all in one?

****Repeat chorus****

bridge:

Why does life have to be so hard?
Why can't we all just forget the past?

****Repeat chorus****

verse 3:

I hurt because I care,
caring for you is not easy.
I would go through thick and thin,
as long as you be by my side.

Repeat chorus 2x's
