Stretching for a distant target, far away it disappears  
I'm running off the edge to catch it, falling faster into  
my fears  
Everything a big disaster, is it really as bad as this?  
Maybe you were there to free me, or am I still in this  
cage?

Cause I'm not the one that you expected me to be  
Don't you leave me with myself  
Cause I'm not the one who can change what has been  
Don't you leave me with myself again

Tunneled sight and suffocation, no air to breath, no  
open space  
Troubles like a congregation, I'm floating in a dream

Cause I'm not the one that you expected me to be  
Don't you leave me with myself  
Cause I'm not the one who can change what has been  
Don't you leave me with myself again

Stretching for a distant target far away it disappears  
I'm running off the edge to catch it, falling faster into  
my fears  
Everything a big disaster, is it really as bad as this  
Maybe you were there to free me, or am I still in this  
cage?  
Tunneled sight and suffocation, no air to breath no  
open space  
Troubles like a congregation, floating in a dream

Cause I'm not the one that you expected me to be  
Don't you leave me with myself  
Cause I'm not the one who can change what has been  
Don't you leave me with myself  
Cause I'm not the one that you expected me to be  
Don't you leave me with myself

I'm alone, I'm on my own, don't you leave me with  
myself again
