"English meadow"

Artist: Out Of My Hair
Title: English meadow

Well if I figure I've got time
To do the things I want
To do with you
And if I thought I was safe
I'd be catching up
Not creaking into two

Chorus:
Find me an English meadow
Make it yellow
Make it big enough
For me to breathe
Get me a road to plenty
Make it laugh
Make it tell lots of funny jokes to me

Coz I can't understand the way
I look at all the world
With so much heartache
Telling lies I fantasize
I have to find my eyes
Before I'm ornate
All great

Well I figure I've got time
To do the things I want
To do with you

Chorus
