Title: Left behind me

Left behind me
Miles behind me
I feel an aching
My heads been waiting
For the right to bind me
Left behind
The degradation
The one salvation
You think you've got
The brother in your eyes
Till someone comes
And tears you from behind

Don't stop now
Mr. Point of View
You fucked up boy with an attitude
You spend your life
In a drugged out haze
A packet of fags and a soul to raise
I dunno what it does for you
But your clinky little heart
Has got a hold on you

Left behind me
Miles behind me
I feel an aching
My heads been waiting
For the right to bind me
Left behind
The degradation
The one salvation
The sun sets in the burning
Of your eyes
But someone's gonna tell you
What they find

Spend my time just livin' here

Sack the lights
Sack the beer
And don't detain me when I say
That the sacred heart
Won't go away
You scream and fight
But your TV rules
The fucked up world
Still in love with you

Your gonna get it
Straight between your eyes
When someone comes
And tells you that there's more
To your life
