Title: Made it brighter

-----  
What she even really was to him  
It made him brighter  
What she was I could not really say  
But it made him lighter

And now I know what he'll find  
He was thinking 'bout her  
All the time  
He might be wrong  
And she would not know  
Coz he'd never let it go

And the Gods do not see  
All this love in his eyes  
So they won't grant his dream  
Though they're holy and wise  
And it makes him think he's crazy  
Out of his mind  
Coz she's always gonna stay  
On the borderline

What she was I could not really say  
But it made him lighter  
What she even really was to him  
It made him brighter

And now I know what he'll find  
In a heart that's filled with mines  
He might be wrong  
And she would not know  
Coz he'd never ever let it go

And the Gods do not see  
All this love in his eyes  
So they won't grant his dream  
Though they're holy and wise  
And it makes him think he's crazy

Out of his mind  
Coz she's always gonna stay  
On the borderline

What she even really was to him  
It made him brighter
