Title: Secret Sleepers

Take me up to the sun
Make me feel like we've just begun
In at the outside of the clouds
In a space that no one knows

Take me out by your side
Let it all just override
In at the outside of your hair
And there's no one knows we're there

Chorus:
Secret sleepers, don't believe 'em
You can hold your head up high
Secret sleepers, don't believe 'em
You can hold your head up high

Take me up to the moon
Cause I know we'll get there soon
In all the spaces of our mind
That we might not never find

I'm so cold, you decide
I am yours to override
In at the outside of my hair
Cause there's no one living there

Chorus

I didn't want to falter
Every day it seems to alter
I've got myself a bad time
Closed off and feelin' uptight

I had a smile on Sunday
A lost boy confused on Monday
And here I am now down on Tuesday
Feelin' like its a very blue day

We're secret sleepers
But don't believe 'em
You can hold your head up high

We're secret sleepers...
