Artist: Out Of My Hair
Title: Strange Company

When every mask we grace
Has taken pride of place
We'll be so far from town
we might as well just drown

The singer says don't fight
That love will see us right
But shit sticks like a crown
That wears the suckers down

Chorus:
I dunno why I wanna be
Strange company, no room for me
And does my inspiration bleed
Frayed memories trade back to me
A token smile that doesn't see
The broken path that's gonna lead
To strange company no room for me
And in a while I'm gonna leave

When are we so tight
That even if we fight
You can't simply assume
That we'll always be in tune

The vision lights the burning sign
Strange company, no room for me
And am I jealous do I hide
Frayed memories you trade back to me
The sunken eye that never reads
The broken part of you that bleeds
Strange company no room for me
And in a while I'm gonna leave

Strange strange company
No room for me
Strange company

It's no good to me
Strange strange company
No room for me
And in awhile I'm gonna leave
