Artist: Out Of My Hair

Title: That's all

What you're feeling this minute
Well I can't say I rightly know
Whether fed up or sleepy
Angry confused let it show

Thinking of me or something else
I haven't a clue
Am I vain in hoping it might be me
Tell me if its true

But I've got a message and
I've got to get it through
And I don't want you to feel sad or hurt
If that's how you do

And I don't wanna rip
Through your sensitive outer shell
But I think I'm already too late today
So I just wanna tell you

We seem to be snapping and fighting
And we're letting it get out of control
And even if we never get on again
There is something that I want you to know

Chorus:
I love you. That's all
Yes I love you baby, thats all

So take my jests and discard them
As I do yours
Forget my words
They're not worth retaining
On my accord

Forgive me for my lack of tact
If that's what I'm guilty of

But just try not to be so sensitive
When not demanded of

Cause we don't want to be snapping and fighting
If we're letting it get out of control
And even if we never get on again
There's something that I want you to know

Chorus
