Title: The no no people

To all the no no people
For miles around
You fill me up with nothing
And you put me down
Behind your see-through mirrors
And your straight white lines
You'll come to grief before my magic signs

Chorus:
You won't change me
You won't change me
You won't change me

To all the no no people
You're past your time
So move the ground before you
Coz the future's mine
Astride a clear white vista
You talk like slime

Chorus

I been lying, testifying
Waiting for the crack-ups to appear
Standing, crying, shaking, dying
Don't you know the stains
Can last for years

To all the no no people
For miles around
You fill me up with nothing
Though you put me down
Behind your see-through windows
And your straight white lines
You'll come to grief before my magic signs

Chorus
