Title: Wendy

Chorus:

Wendy I believe you

So save me

'Cos I believe I believe you

And I feel like my mouth is getting dry

Like I'm filing in the holes

That used to help me to see the sky

And all around the tide is getting low

Am I losing all of my place to go

Chorus:

And the tongues are pointing

Their mouths at me

And I see their fingers wagging

All damn night and day

And I don't know what I'm gonna do

Unless I clear my head

And get on my thinking boots

Before it gets too hard to do

Chorus

And I feel like I'm

Reaching out for pain

As the only thing to help me to

Get on with it again

So don't insist on turning me around

And nailing down my feet to

Help me reach the ground

'Cos I have rhythms that can be disturbed

When I feel confronted by

A barrel full of words

When there's not the sight

In someone's head

So I have to freak out and find
My energy is dead
Leave me in peace
And if I bleed, then I bleed.

Chorus
