Title: You see me

This time I'm mad
And I think I'm nearly through
Baby, she walks
And it tells me the news
I'm on my way
And I don't have any fears
If she was right
She can have all of my tears

Chorus:

But you see me and I see you
With the lights goin' down
On all the things
That you're puttin' me through
And I say no for the thousandth time
Lest you think I should care
Well, I really wouldn't waste my time

A change in his life
And I sure don't know the way
And your loves a squatter
It came in for a short stay
Livin' with you
It will never bring it near
So I rock on my own
For a hundred thousand years

Chorus

No, cause loves not really love
When it's givin that lightly
No, no loves not really love
When it's given that lightly
No, no loves not really love
When its given that lightly
