I can dance to the morning light
With my feet on fire
Drive the devil motherfucker
With my babe holding on for miles
Well hey, do you really think
The truth is up there
Oh baby let me tell you something,
I don't really care

Our masterplan has been waiting
And have been ready for far too long
Unleash the multiple devilsongs
That grows inside your tongue
I've been wasting some time
Just to be part of shit
Now's the time, unleash the chain
'cause hell awaits my name

To play in hell, I seek no other game
You too are there, well hell-o we meet again2
Remember when we took it all
And danced the night away,
Well hell-o we meet again

Well baby let's take a break
And walk up to the hills
The church of god are awaiting us,
But they do not know
That we bring all the firesongs
To burn their tongues
Oh baby baby watch the house of god blow up

Our masterplan has been waiting
And have been ready for far too long
Unleash the multiple devilsongs
That grows inside your tongue
I've been wasting some time
Just to be part of shit
Now's the time, unleash the chain
'cause hell awaits my name
