I don't know what it is that makes me love you so
I only know I never want to let you go
Cause you started something
Oh can't you see
And ever since we met you've had a hold on me
It happens to be true
I only wanna be with you

It doesn't really matter what you say or do
I want to spend each moment and each day with you
Look what has happened with just one kiss
I never knew that I could be in love like this
It's crazy but it's true
I only wanna be with you

I don't know what it is that makes me love you so
I only know I never want to let you go
Cause you started something
Oh can't you see
And ever since we met you've had a hold on me
It happens to be true
I only wanna be with you

You stopped and smiled at me
And asked me if I cared to dance
I fell into your open arms
And I didn't stand a chance

Now listen honey
I just want to be beside you everywhere
As long as we're together honey I don't care
Cause you started something
Oh can't you see
Ever since we met you've had a hold on me
It happens to be true
I only wanna be with you
No matter what you do
I only wanna be with you
