Feel the fire where she walks  
Lola Montez so beautiful  
Shady and a tempered dame  
Blinding your eyes with her spider dance

Her performance utterly erotic subversive to all ideas  
And for public morality  
And cool as she was she didn't care  
See the miner throw his gold  
Lifting her skirt howling loud like a wolf  
Hell raising and full of sin  
When Lola was dancing and showing her skin

Wherever she walks  
She will be captivating all the men  
Don't look in her eyes  
You might fall and find the love of your life heavenly  
But she'll catch you in her web  
The love of your life, yeah

Feel the fire where she walks  
Lola Montez so beautiful  
Shady and a tempered dame  
Blinding your eyes with her spider dance

Well notorious I have been  
But never for fame that's what she said  
Dear Henry taste my whip  
Never to see any words you print

Wherever she walks  
She will be captivating all the men  
Don't look in her eyes  
You might fall and find the love of your life heavenly  
But she'll catch you in her web  
The love of your life, yeah

Oh Lola I'm sure that the love would have been  
The key to all your pain  
The key to all your pain  
No words will later come

Did the spider bite your tongue?  
We will surely not forget  
We will surely not forget  
The Lola spider dance

Don't look in her eyes  
You might fall and find the love of your life heavenly  
But she'll catch you in her web  
The love of your life, yeah
