Settle down for a moment cause your heart is beating  
hard

Baby you've been my lover, and I told you from the  
start

Better no promises, and I'll do you no harm

But you're keen on the question I tell you not to pop  
But maybe it's been a hurting, it's been hurting from  
the start

Do you not coping then tear it apart

Never wanted it this way

Oh baby I'm dying I'm crying over it

Maybe you feel it to, oh baby I'm blue

A barren winter came over and your mood was like a  
fire

7 years and a summer, and you still sit there cry

You're better without me, and you're one of a kind

If I knew that December should bring a silent part

Shaded truth and partisan between disperated lines

Truly now drifting alone in the dark

Never wanted it this way

Oh baby I'm dying I'm crying over it

Maybe you feel it to, oh baby I'm blue

Well it's over and a letter is flying high

Out the window to catch a hand of thine

Could the founder release it's bloody words

Scream the anger and sorrow of a girl

But you're keen on the question I tell you not to pop

But maybe it's been a hurting, it's been hurting from  
the start

Do you not coping then tear it apart

Never wanted it this way

Oh baby I'm dying I'm crying over it

Maybe you feel it to, oh baby I'm blue

Maybe you feel it to, baby I'm blue
