Unleash the breath that damned wicked soul  
Make the sacrifice for good  
An omen passed the flame through the night  
Benefit the figures face without thorns

Gaze upon thy gate  
A spirit finds a light  
Embrace it with its burning tears  
Howling, crawling, falling, inside

Beyond an bound  
The spirit rise and disappeared into the light  
Covered by a shadow face  
Vengeances for the traitors are thine

See a fallen angel  
Raging fire glow  
Take the tale let wisdom fill  
The beginning of the end for us all

A higher form that makes us feel cold  
They said dying alone is our fault  
Forbidden and freeze the things that we need  
They said judgment day upon
