Tossing and turning, can't get to sleep
Worried about you where can you be
Tired of trying to keep up with you
Don't think this love will ever improve
Met someone special just the other night
He made me feel good, felt so right
He seems to be just my type of guy
I think it's time for us to say our goodbyes
You're just a waste of time for me boy
you're just a waste of time for me boy
Fussing and fighting that's all we ever do
No compromising, that's nothing new
Coming in and out of my life; that's all you ever did
Never spent time with me always with your friends
Now my life has been turned around
thanks to my new love that I have found
He spends time with me makes me feel so good
He does good things for me that you never would
But you're just a waste of time for me boy
a waste of time, you're
Just a Waste of Time for me boy
you're just a waste of Time
Ooh A waste of Time
Fussing and fighting that's all we ever did
and now our love has come to an end
Sorry that things turned out this way
Although I know; you want me to stay
(Your just a waste of Time for me boy,
A waste of Time) 2x
Ooh, A Waste of Time
Your Just a Waste of Time
A Waste of time..
repeat to end..
