Planet Earth, in this age is a most exciting place to be
Great advances in science and technology.
Still there's a dark side to Humanity.
There are those who believe in this world only the
strong survive.
Lust and Greed is what their Soul's feed upon to
deceive and connive;
Less Fortunate People, struggling to stay alive.
I have seen prejudice and property. Can't let them take
me.
Pollution and crime is threatening my time,
I finally reached my prime and I don't want to deal with,
Anymore
Winds of Change are blowing east to west,
the end of the cold dark war. Peace and freedom
spreading throughout the world as never before. Can
we really know,
what the future has in store,.No podemos saber
We must 'Realize' the survival of our world depends on
you and me.
Things we enjoy future generations might not be
around to see.
To leave them in Ruin, would be a Tragedy.
Billions for space the final frontier
trouble in the atmosphere. No way to deal with it.
Substance Abuse;= One-Way Ride..
Lonely People of All Class commit Slow Suicide,
Because they don't want to Deal with IT!,.. anymore!
Piensa las posibilidades.Dime quales,
son las necesidades. Pa(ra) Vivir.
Piensa las posibilidades, si ceramos los ojos
A las Casualidades, a dejar los sufrir.
Piensa las posibilidades. Es una verguensa;
Tierra asta las nuves. Think about the possibilities.
A Todo el Mundo Hoye me. We've got to learn how to
deal it.
We must 'Understand'; In OUR hands, We... hold the
power
To shape Earth's Destiny. Let's not destroy Future
Generations
right to their Legacy. Metamorphosis, must come to

Humanity

Before it's too late. We must agree. It's a Top Priority.

Deal with the Poverty. Pollution and Crime;

We are running out of time, the 'Smoking Gun' is

Primed

Learn how to deal with IT. (and) We can Change...

We got to learn how to deal with it. Pollution and Crime;

we are running Out of Time.Learn how to deal with IT!

A fortune on line's, while a helpless child is dying

Learn how to Deal with IT! ..I'm asking YOU.

A Todo el Mundo, Gente de este Tierra; Despierta!

And we can change. We've got to learn how to Deal with

It..

Deal with IT! Deal with IT! Deal with IT!.. Deal with IT!
