If we keep in contact  
ohh..  
will you stand back  
like no longer in these times look to see the progress  
keys are in line  
I've not the things you've knead them  
left parts behind

ohh..  
the tree will own the sidelines  
cast on, cast off bones will rot by  
we'll run on top my broken glass  
this pain will not last  
Your pains are from my past.  
May we keep in contact  
with no standby

ohh..  
Don't you think it's too much like fire and ice?  
Yours is Home Alone while I watch The Poltergeist  
too much like  
fire and ice  
Yours is Home Alone while I watch The Poltergeist  
don't you think it's too much  
like fire and ice  
Yours is Home Alone while I watch The Poltergeist  
too much like  
fire and ice  
Yours is Home Alone while I watch the Poltergeist
