Oh
Oh oh..

Feelin' the future on your skin
They say that it's hopeless but I've seen what I saw
Meant to say what I say
The future ain't so grim oh, since I touched your skin
and felt the dawning
of a day that's spent in hiding.
Now it blinds me.

(Chorus)

Like a bike ride with a jet pack on my back,
we got a moonlit silhouette that rivals the best.
Like a hayride with hover jets on either side,
we'll go the distance cause we can't
help but to act supernatural.

(Second verse)

We'll talk about problems just the same.
For you the future will be grandiose.
Though they say it's hopeless you got to know I'll be
your man,
do whatever I can.
But I seen the future that's not grim, oh
cause I touched your skin
and felt the dawning
of a day that's spent in hiding
in hiding,

so long soaps that people let __ know
Can't see the sun when it's shining
So bright it burns my eyes.

(Chorus)

Like a bike ride with a jet pack on my back,
We got a moonlit silhouette that rivals the best.
Like a hayride with hover jets on either side
we'll go the distance cause we can't
help but to act super...

Like a plane ride with uncanny velocity
we'll break the barrier of light if put to the test.
Like a skydive without any 'chutes packed on our backs
we'll hit the surface knowing that
we couldn't act more preternatural.

It helps to know we'll bounce back just the same.
Cause I've seen my future that's not grim.
Feelin' the future on your skin
Feelin' the future on your skin
