1,2,1,2,3,4....
It's a shotgun baby
I think I'll use it tonight
It's a shutdown baby
I got you in my sight
It's just a shadow baby
It can't come to life
But it's the shadows baby
They're quickest with the knife

Chorus:

If I was a robot would you love me anymore
If I wore a mask would you know (wooh wooh ohh)
If I was a robot would you love me anymore
If I wore a mask

It's a contract baby
We're gonna make you sign
It's your choice now baby
Would you be dying tonight
It's a wisper baby
When your ears reply
It's a scream baby
We don't want your kind

Chorus
