"So Long"

I know that i
Could go on forever along with you, But how
Did you forget
That you promised me
You wont walk away

How long can i
Be wrong and still pretend that
I belong to you ?
Although i tried
I'll seek my way
To another place without you

So long you said
And turned your back And left away
Betrained me like there is nothing anymore
To say... about it

How long can i
Be wrong and still pretend that
I belong to you
Although i tried
I'll reach my way
To another place without you

How come we fall
Apart like this
I know you tried
To avoid these fights

How long can i
Be wrong and still pretend that
I belong to you
I belong to you
Although i tried
Although i tried
I'll reach my way
To another place without you

So long you said
And turned your back and left away
