wanna ask but I just stare
can I run my hands through your carwash hair (2x)

drillin a hole with my soul
in the sand
diggin for gold
for the whore, in the bed
catchin a ride with a band
I sat in the back of the van
they tried to make me understand
that if I'm not in a band, doesn't mean I'm square
and if I am well then I don't care

wanna ask? (2x)

number two has got me confused
hope I'll always be numbers one and three (2x)

wanna ask? (2x)

drillin a hole with my soul
in the sand
diggin for gold
for the whore, in the bed
catchin a ride from a band
I sat in the back of the van
they tried to make me understand
that if I'm not in a band, doesn't mean I'm square
and if I am well then I don't care

wanna ask? (2x)

what the hell but I don't care
you can run your hands through my carwash hair
wanna ask but I just stare
can I run my hands through your carwash hair (3x)
