Three heavy stones will keep it from floating,  
weigh it down to the bottom, food for the fishes.  
And I know that it won't be discovered  
'cause I will be careful, so very careful.  
What if it doesn't rain for days and the river is  
reduced to its muddy bed?  
With a corpse exposed I would work in haste  
and I might bury the bones in a shallow grave.  
And the rain comes and moves rocks and the stones  
washes away all the dirt and the mudflows  
Bones are exposed and well.  
you know how that goes!

I wait for the day when I'll finally defile  
the bodies of my ex lover's lovers.  
I'll pile high to the sky  
the bodies of my ex lover's lovers  
Die die die die die die  
die die die die die die die  
watch them die. (x2)

I saw you with him. You looked so happy.  
All of that can change, cause I am so lonely  
and I have lots of time to send you straight  
to the Devil. I'm taking my time  
to plan your demise.  
What if I were to cut you up and mail each part  
to a different town? It would take the most  
brilliant private eye the rest of his life  
just to put you together.  
a piece in each mailbox all over the planet  
from Moscow to Tokyo to Guadalajara.  
I wait for the day when I'll finally defile  
the bodies of my ex lover's lovers.  
I'll pile high to the sky  
the bodies of my ex lover's lovers  
I wait for the day when I'll finally destroy  
the bodies of my ex lover's lovers.  
I'll pile high to the sky  
the bodies of my ex lover's lovers  
Die die die die die die  
die die die die die die die

watch them die. (x2)

I saw you with him, you looked so happy.  
That will never change because I know myself  
too well. I don't have the courage  
to carry out my dreams  
And only there will I see them  
Die Die die die die die die die  
die die die die die die die die  
watch them die. (x4)
