Lyrics Fallin' out, fallin' in  
Nothings sure in this world, no no  
Breaking down, breaking in  
Never knowing what lies ahead  
We can really never tell it all, no no  
Say goodbye, say hello  
To a lover or friend  
Sometimes we could never understand  
Why some things begin with just love  
We can never have it all  
No no no ohh  
But oh, can't you see  
That no matter what happens  
Life goes on and on  
And so baby just smile  
Cause I'm always around you  
And I'll make you see  
How beautiful life is  
For you and me  
Take a little time baby  
See the butterfly's colors

Listen to the birds

That were sent to sing

For me and you

Can you feel me?

This is such a wonderful place to me

Even if there is pain now

Everything will be alright

For as long as the world still turns

There will be night and day

Can you hear me?

There's a rainbow always

After the rain

Hittin' high, hittin' low

Win or lose, you should go

Yeah yeah

Getting warm, getting cold

Weather can be so good or bad

But baby, this is life so don't get mad

No no no

Cause ohhh

Can't you see

That no matter what happens

Life goes on and on

And so, baby, just smile

Cause I'm always around you

And I'll make you see  
How beautiful life is  
For you and me  
Take a little time, baby  
See the butterfly's colors  
Listen to the birds  
That were sent to sing  
For me and you  
Can you feel me?  
This is such a wonderful place to me  
Even if there is pain now  
Everything will be alright  
For as long as the world still turns  
There will be night and day  
Can you hear me ?  
There's a rainbow always  
After the rain  
Life's full of challenges  
Not all the time  
We get what we want  
But don't despair, my dear  
You'll take it each trial  
And you'll make it through the storm  
Cause you're strong  
My faith in you is clear  
So I say once again

This world's beautiful  
Let us celebrate life  
That is so beautiful  
So beautiful...  
Take a little time, baby  
See the butterfly's colors  
Listen to the birds that were sent  
To sing for me and you  
Can you feel me?  
This is such a wonderful place to me  
Even if there is pain now  
Everything will be alright  
For as long as the world still turns  
There will be night and day  
Can you hear me?  
There's a rainbow always  
After the rain
