[Intro] Say what say what what? Ooh. [x4] RTC. C'mon.  
[Verse One] [Big Pooh] I'm on a home but a true nigga  
I'm like, "Yo, listen up this is what we need to do nigga  
We gotta tighten up the screws nigga I got a crew you  
got crew, now we both need to move nigga." I figure  
that the world ain't wanna know And now I realize that  
the world is really slow People now sayin' what we said  
a year ago Funny how it happened but I guess it's one  
to grow [Phonte] It's one to grow on The show will go  
on, so forth and so on Cause we the new leaders Used  
to think D boys was killin' the culture But these  
conscious niggas ain't bout shit neither So now I don't  
even sweat the labels I fuck with real niggas that's  
tryin' to do shit So peace to Bun B Wayne and Slum V  
LB, Rhymefest nigga that's the movement [Rhymefest]  
Family, that ain't just talk Run, hop, crip walk 5-4, get  
ready for lift off Keep lyin', we knockin' your lips off  
Kiss off, get lost Fuck him Don't buy it, his loss Uhh I'm  
bringin' the love back Trust that That ain't a hard hit,  
them is love taps And I ain't underground I'm above  
that And them ain't 22's them hub caps So killer, where  
your mask and gloves at? Ahhh A breath of fresh air  
my heads clear Fest here, hell yeah Get power, sell  
fear Hell's Kitchen filmed here Chi-Town, my town Stay  
fly cause Dave Jeff gave us the fresh gear Yeeeah And  
still we stay plugged in the city Gettin' love from the  
thugs and the girls lookin' pretty I ain't rough, I don't  
shove, I'm just rubbin' them jilly And forget the secret  
service like the governor's with me [Chorus 1]  
[Rhymefest] Plug city That's the clique Now you know  
who you ridin' with Terry Hunter scrap dirt, we don't  
quit And you know you'll never see a... "Better love"  
Coney Rock Ready ride To the top you know we won't  
stop Plug City you know we won't drop And it's never  
gonna be a... "Better love" [Verse Two] [Rhymefest]  
You know I ride for my family Errand Whether we in a  
Lexus or a Camry Take a seat if you can't stand running  
I got the sacks fifth from my granny Annie And he Got  
so much love for the squad we even start to look alike  
You can't tell us apart We do the impossible You  
couldn't tell us it's hard And the teams so loyal people

tell us it's art But naw [Elzhi] It's the Vill of the mid-west  
The realest, they feel Fest We kill it when five spitters  
deliver Just created a menace when they let us in a  
sentence So I gotta make noise until we get evicted  
Can't judge me Why? I'm my worst critic So I teamed up  
with dudes that know about lyrics Our style is different,  
the flow pattern is vicious Y'all go and applaud We fam  
now, we did it [Twone Gabz] Did it, done it, got it, good  
Now keep it movin' Your flow is okay but, aaaah, keep  
improvin' You just mad y'all not so plugged And we  
keep Jewels with us like Osco Drugs Styles is like  
"boows" This is a movement You a bitch, put it on if the  
shoe fit This new shit Outta nowhere like bird flu hit We  
all we got Plug City is my crew bitch! [Chorus 2]  
[Rhymefest] H2 (C'mon) Papa San (where you at?) Jo Jo  
she rockin' them honeybuns Plug City we ahead of the  
times And you know you never see a "Better love"  
Shadow Cat Wiz Mat Twone Gabz we gon' put you on  
the map Animal House always bringin' the crack And  
you know there'll never be a "Better love"
