Waiting for
how it is saved
marks to identify
already

they attract
which makes it
the same wound as the first
Where the beauty expires
and the dependency is starting

They miss each other
??? dresses
The bone has done its work
the sun
A beautiful, merciless
charcoal kiss of legacy

When your mind strays
pleasure in hope

so, how frustrating
it is to turn out to be
never enough
when the dispute is
something that will return

The bone has done its work
the sun
a beautiful, merciless
charcoal kiss of legacy

It's not even night yet,
It's not even night yet

But the enemy takes your weapons
and I don't know
how to fight
A strike at the time ???

otherwise I would be strong
But I believe that I will win eventually
because I have a plan
Blade tightly between the bones
loosed from your hand's grip

The bone has done its work
the sun
beautiful, merciless
charcoal kiss of legacy

Until the ??? and yet then
from A beautiful, merciless
and yet even then

Submitter's comments:Â

??? = Don't know what it translates to.

This is a very rough translation translated and edited in google translate, so most of it is probably incorrect. Feel free to correct me if needed.
