I'm a broken man
This here's my broken band
From a broken land
We take the good, the bad
Yeah

I'm a broken man
From a broken land
This here's my broken band
From your hand
Yeah

I'm a broken man
This here's my broken band
From a broken land
We call Detroit City
There's no blood on these hands
That's why we came to take a stand
We take the good, we take the bad
It's all we ever -
It's all we had
Yeah

I'm a broken man [x6]
