I'll always remember the song that was playing  
The first time we danced and I knew  
As we swayed to the music and held to each other  
I fell in love with you

Could I have this dance for the rest of my life  
Would you be my partner every night  
When we're together it feels so right  
Could I have this dance for the rest of my life

I'll always remember that magic moment  
When I held you close to me  
As we moved together, I knew forever  
You're all I'll ever need.  
Could I have this dance for the rest of my life  
Would you be my partner every night  
When we're together it feels so right  
Could I have this dance for the rest of my life

Could I have this dance for the rest of my life  
Would you be my partner every night  
When we're together it feels so right  
Could I have this dance for the rest of my life
