We held hands and laughed
Then we jumped in the water
Off the jetty we'd fly
As the sun got hotter

We were any age
Floating through space
Happy for once in the human race

On this sweet Sunday and into Monday
Your arms wrapped around me
Where my love has found me
But am I really free?

If I could read your mind
I hope I'd find
The same love I have in mine
If I could go back in time
I'd try to find you
And make up for all this wasted time

Like a broken record
I've stayed protected
From promises, from disappointments
I wanna hear your dreams, wanna drift away
Wanna break you in

Oh, I wanna stay
Stay in heaven, oh in heaven
And see my life finally begin
Will we be together, oh forever?
Darling please let me in

If I could read your mind
I hope I'd find
The same love I have in mine
If I could go back in time
I'd try to find you
And make up for all this wasted time

Oh, I want to stay in this sweet Sunday and into Monday
Your arms wrapped around me

Where my love has found me
Has finally found me
But am I really free?

If I could read your mind
I hope I'd find
The same love I have in mine
If I could go back in time
I'd try to find you
And make up for all this wasted time
Na, na, na , na, na

If I could read your mind
Na, na, na, na, na
