Well your all upset about nothing

Never wanna hurt you never wanna make you cry.

Just keep the bullshit to yourself.

You never wanna listen to what I said.

You drove me nuts and got me out of my bed.

When I didn't want to get up in the morning .

What ever happened to me and you is on page 672

and thats the end of the book so fuck you.

Chorus:

Because I never wanna fucking see you again.

You've always been a bitch , since I can remember when.

You irritate my brain and you're driving me insane.

No, I never wanna fucking see your ugly ass again.

Why did you have to be such a bitch.

I said you fucking bitch.

You pissed me off and you jerked me off

And when I was gone you jerked my best friend off.

But I guess I can see how you are.

You walked around with your pants zipped down

Being friendly to every guy in the town.

Just keep the bullshit to yourself.

She had coooooties, in her gosh darn boooooooty.

She smoked all of my herb so I kicked her to the
fucking curb.
