cause she says p reign, p reign, p reign...

Hey baby call me reign

im extra great, you can come over extra late
imma give u a slice of p reign cake
and you gon' be begging for an extra plate
this cause you really got extra taste
i think yougon' ask for an extra date
we about to tear the house down, we need an extra
place
igot her sweating like she just run an extra race
the rose getting lowwe gonna need an extra case
i made herbring a friend in thats an extra face
im about to hit lil mama im next to play
she gon' undress so quick it was next to ray ?!
and yesterday it was the bathtub, the closet,
the bathroom,the office, the balcony or the cottage
just call my name and im on it
im the best baby, im honest
she loves it, she wants it
i make her scream 'till 6 in the morning
and leave her tripping like a leaki..?!

-chorus-

i been pimpin like Too Short

is she smoking like a newport
and i got this, what you thought
you can never get it like a cab in New York ahhh

yeah imma rock your boat 'till you sea sick
im off the leash im such a dog

can't even lie, i love 'em all
she dont even know what i do to draw

and i take pride in that
soon as im done you can have 'em back
yeh they call me young cardiac
cause i give em the feeling of a hearth attack...

-chorus-

and turn around and dance for me
