I wanna be seduced,  
Let a woman talk to me suggestively;  
Wanna know that she'd like me to be with her tomorrow  
morning  
Drinkin' hot jasmine tea.  
I want her to make me laugh (ha ha ha),  
Make a point about touching me when she talks  
(uhhmm ho ho hmm),  
Leaving all the jealous guys in the place to  
mumble in their wine and gawk.  
I know it only happens when I'm napping,  
Nodding in a reverie,  
That I find myself a woman that understands about  
seducing me.

I know it only happens when I'm napping,  
Nodding in a reverie,  
That I find myself a woman who understands about  
seducing,  
I'll dream about the moon until she'll introduce herself,  
I'm imagining a woman who understands seducing me.

I want to be seduced, I want a woman to take me out to  
dinner for two  
I want to see her eyes gettin' moody,  
Flirtin' with the thought of what flirtin' can lead to  
I want to act real cool, have her think about gettin' little  
me in bed  
Have a chat about Magna Charta, or Puerto Vallarta, or  
somethin' Gandhi said

I might demur politely, falter slightly, if she starts to  
fondle my knee,  
But I'm relatively certain I'd compromise if I know me

I want to be seduced, I want a wom-an to talk to me  
suggestively  
I want to hear her say she'll be with me tomorrow  
morning,  
Drinking hot jasmine tea

I want her to make me laugh, make a point of touching  
me when she talks  
Leaving all the jealous guys in the joint to mumble in  
their beer and gawk

I wanna be seduced,  
I wanna a woman to take me out to dinner for two;  
I'd like to see her eyes get moony  
Flirting with the thought of what a little flirting outta to  
do.  
I'd like to be real cool  
Let her figure out what I really mean, instead  
of havin' a chat about African genesis, psychokinesis  
or something Stanislavsky said.

I might demure politely,  
Or falter slightly  
If she tries to fondle my knee,  
But I'm relatively certain that I'd come across if I know  
me.

I know it only happens, when I'm napping, nodding in  
my reverie  
That I ever find a woman who wouldn't mind seducing  
me  
I know it only happens, when I'm napping, nodding in  
my reverie  
That I ever find a woman who wouldn't mind seducing  
Starting from the moment that we'd been introduced  
That I ever find a woman who wouldn't mind seducing  
me
