This world they show on CNN  
Just does not work for me  
Terrorists and global crisis  
Dead fish in the sea

Fake solutions air pollution  
They privatised the space  
Atombombs grow  
Police should know  
Politicians face

I pray the lord to save them all;  
They had no time to pray  
I pray the lord to save them all  
'Cause I don't care today...

...You know why?

'Cause it's my birthday  
And I'm funky  
I'm gonna rock the shit out of this party  
I'm gonna drink,  
Then I throw up  
I'm gonna stare into your pretty pretty eyes  
I'm gonna dance so silly silly  
Wawe my chilly willy  
Shock your shaker honey  
Hold me tight  
I'm gonna dance like never before  
Split my blood on the floor  
Shoot my mind off  
And hold me tight

The message of the radio  
Scares me out the space

Reptilians they eat your friends  
You better run away

Fake solutions air pollution  
They privatised the space  
Atombombs grow  
Police should know  
Politicians face

'Cause it's my birthday....
