look at that man  
look at that man's so sick  
he's going around  
and he can't stop holding his dick  
and at the shopping mall  
he bangs his head to the wall  
he tried to get some love  
but he can't get any at all

I'm just a repoman  
i can take your car away  
you have to understand  
the man got to pay ,got to pay  
and i'ts the same with love  
you cant get any for free  
you think you're clever now  
but soon you will pay the fee

Ref.:

i'm gonna fade to a black rainbow  
but you can never  
climb up here  
'couse if you try it  
you gonna stay low  
black rainbow  
has locked me in

i wanna be alone sometimes  
just to wash my brain  
i got to be superfly now  
got to work today  
i got a rusty old car now  
got to find a new  
i got a sweet young lady  
but she's a fool

Rap.:

everybody talks about me  
'couse i'm pretty tall  
everybody talks about me  
'couse they pretty short  
everybody talks about me  
'couse i'm unlucky

i'm funny  
i'm fucky  
please don't talk about me

everybody talking shit about me  
you don't know  
everybody seems like nobody  
but they control me  
everybody talking shit about me  
you don't know me

and i'm lucky  
i'm fucky  
please let's talk about me

look at that man  
look at that man's so sick  
he's going around  
and he can't stop holding his dick  
and at the shopping mall  
he bangs his head to the wall  
he tried to get some love  
but he can't get any at all

Ref..:

i'm gonna fade to a black rainbow  
but you can never  
climb up here  
'couse if you try it  
you gonna stay low  
black rainbow  
has locked me in
