

Voodoo Glow Skulls "Exorcism"

I just can't let up
And won't slow down
Tormenting me, something way deep down
Triggered raw emotion
Coupled with some fear
This liquid courage, madness comes near
Lighting up the place
From town to town
No daemons out tonight
Won't you join this exorcism?
Fire burns my soul tonight
Release the anger
The spirits move your soul
you got the power, loss of control
Let this be your introduction
To the power that be
Let's shake the core of what you used to be
Join us in our exorcism
Spirits call on you tonight
Won't you join this exorcism, as the night falls on us
tonight?
