My girl, she supports me
And that's not supposed to be
When she starts to fight with me
She knows that I can't win

And sometimes she believes in me
And gives me a big kiss
Then sometimes she doesn't
And I start to get real pissed

I wrote her this love letter
But she don't know how to read
I wrote her this love letter
But she don't know how to read

It happens once a month
We get into a fight
Arguing in circles
And not knowing who's wrong or right

Tempers start flaring
And articles start to fly
She has all her friends convinced
That I'm a crazy guy

I wrote her this love letter
But she don't know how to read
I wrote her this love letter
But she don't know how to read

I wrote her this love letter
But she don't know how to read
I wrote her this love letter
But she don't know how to read

When it's time to walk alone
The feeling hits me in the place
That place that only she can touch
Not just any pretty face

When it's time to walk alone
The feeling hits me in the place

That place that only she can touch
Not just any pretty face

She's a queen and doesn't even know this
Ruling that kingdom in my heart
And when I'm gone and running with the Devil
She'll be at home waiting patiently

I wrote her this love letter
But she don't know how to read
I wrote her this love letter
But she don't know how to read

I wrote her this love letter
But she don't know how to read
I wrote her this love letter
But she don't know how to read

But she don't know how to read
But she don't know how to read
But she don't know how to read
But she don't know how to read, yeah
