"Every River"

Once upon a time
Somewhere in your past
Someone said "Forever,"
But the promise didn't last
Now you don't believe
Love is ever true
You steel yourself against the day
When I stop loving you
When the day comes that I don't love you
Every star will fall out of the sky
And every mountain will tumble down
And every river run dry
For every drop of rain
That ever touched the ground
For every tear that ever fell
And never made a sound
I'll be there to hear you call
And I'll be there to catch you, baby
Should you ever fall
[Repeat Chorus]
