Honey got me hooked on you
I like that
ooh, ooh
Come on, come on
MC, MC
ooh, ooh

Nah nah nah nah nah nah
Nah nah
Nah nah nah nah nah nah
Nah nah nah nah nah [Repeat twice]

Honey you can have me
When you want me
You simply ask me to be there (a huh)
And you're the only one
Who makes me come running
Cause what you got
Is far beyond compare (ooh)

CHORUS:
And it's just like honey
When your love comes over me
Oh baby I've got a dependancy
Always strung out
For another taste of your honey
It's like honey
When it rushes over me
You know sugar never ever was so sweet
And I'm dying for you
Crying for you
I adore you
Boy you know your love addected me
And I'm strung out on you, darling
Don't you see
Every night and day
I can hardly wait
For another taste of honey

Honey I can't describe
How good it feels inside (yeah, yeah)

Honey I can't describe
How good it feels inside

Yeah, ooh
Oh, I can't be elusive with you honey (I like that)
Cause it's blatant that I'm feeling you
And it's too hard for me to leave abruptly
You're the only thing I wanna do

CHORUS

Baby I can love you babe
(Tell the world we won't stop
Mariah you're on fire)
Gotta hold on love thy saints
(Tell the world we won't stop
Mariah take us higher)
ooohh
(Tell the world we won't stop
Mariah you're on fire)
ooohh
(Tell the world we won't stop
Mariah take us higher)

(Breakdown)

Oooh, woah
Every little thing you do
(Now what we gonna do right here, we gonna smooth it
out, come on)
Ooh, woah, honey, got me hooked on you
(MC, and she won't stop)
Honey, it's like

CHORUS till fade
