I see problems down the line  
I know that I'm right.  
There was a dirt upon your hands  
doing the same mistake twice  
making the same mistake twice

Come on over and be so caught up  
its not about compromising.

I see problems down the line  
I know that I'm right  
I see darkness down the line  
I know its hard to fight.  
There was a dirt upon your hands  
doing the same mistake twice  
making the same mistake twice.

Come on over  
be so caught up its all about compromise.

I see problems down the line  
I know that I'm right.

Don't let the darkness eat you up (8x)
