He told me what to do.  
I told him where to go.  
He looks the other side.  
Caught up on the bedroom wall.  
Tried to put me down.  
I don't know what to do.  
He looks the other side.  
He didn't have a single clue.

I was better to kill him,  
gonna stop him from breathing.  
I was better to kill him.  
gonna stop him from breathing.

He thought he was my friend  
Didn't like him a little bit.  
He came down because he was here.  
How I wish he'd disappear.

I was better to kill him,  
gonna stop him from breathing.  
I was better to kill him.  
gonna stop him from breathing.

I was better to kill him,  
gonna stop him from breathing.  
I was better to kill him.  
gonna stop him from breathing.

I was better to kill him,  
gonna stop him from breathing.  
I was better to kill him.  
gonna stop him from breathing
